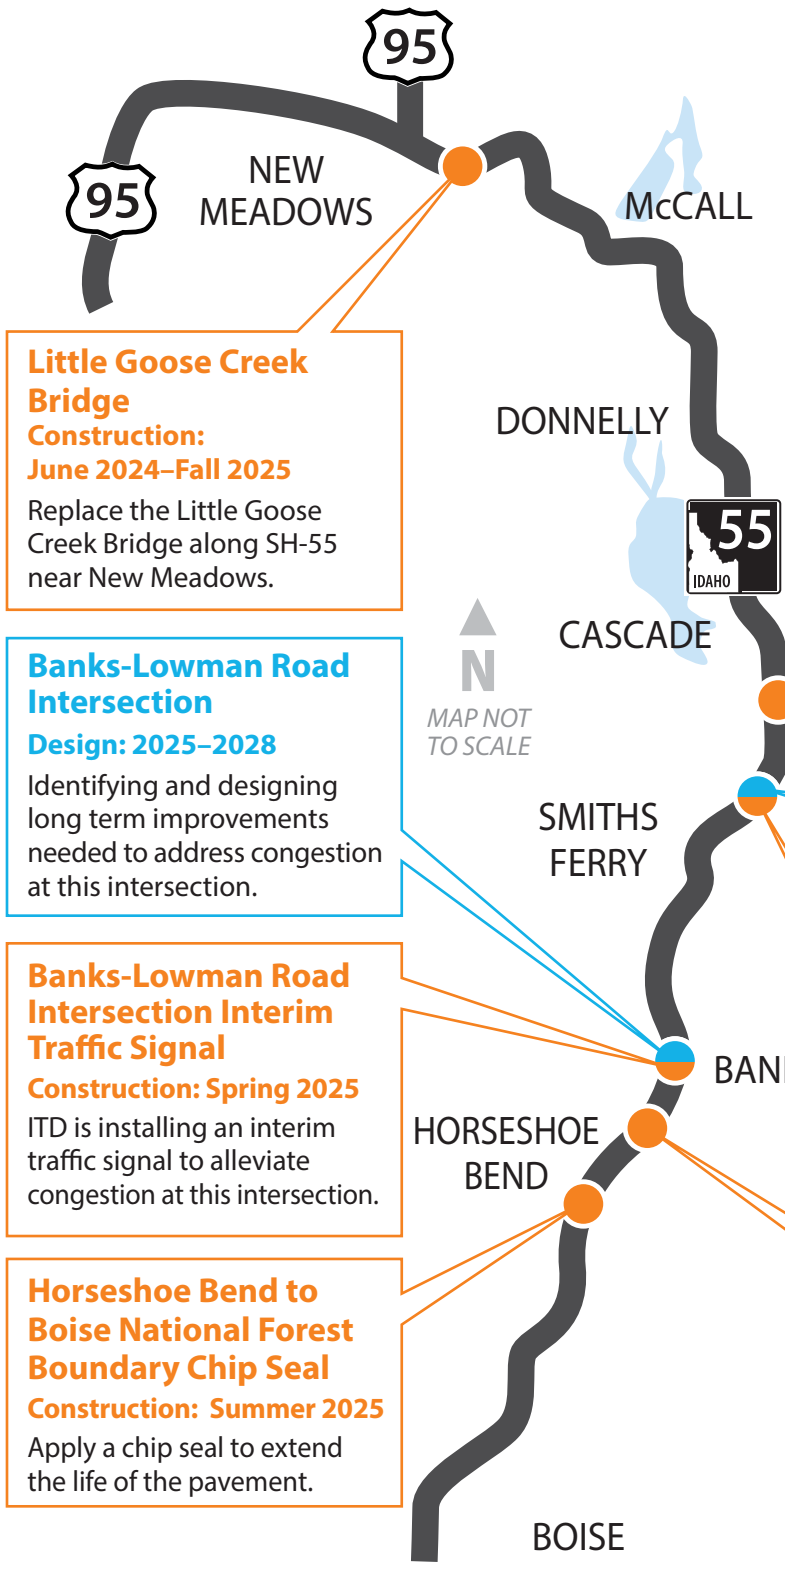
# 55 Eagle to New Meadows



## 2025 Projects

### PLEASE . . .

- Plan extra time when driving SH-55 from Eagle to New Meadows.
- Check 511 for major impacts
- Share this information with others.
- Be patient.

**Little Goose Creek Bridge**
**Construction: June 2024–Fall 2025**
Replace the Little Goose Creek Bridge along SH-55 near New Meadows.

**Banks-Lowman Road Intersection**
**Design: 2025–2028**
Identifying and designing long term improvements needed to address congestion at this intersection.

**Banks-Lowman Road Intersection Interim Traffic Signal**
**Construction: Spring 2025**
ITD is installing an interim traffic signal to alleviate congestion at this intersection.

**Horseshoe Bend to Boise National Forest Boundary Chip Seal**
**Construction: Summer 2025**
Apply a chip seal to extend the life of the pavement.

**Round Valley DMS Sign**
**Construction: Summer 2025**
Install a dynamic message sign on SH-55 in Round Valley to notify motorists of detours or incidents along SH-55.

**Rainbow Bridge**
**Design: 2024–2026**
Design a new bridge over the North Fork of the Payette River in Valley County.

**Rainbow Bridge Maintenance**
**Construction: Spring–Fall 2025**
Repairing concrete bridge elements, replacing expansion joints and repairing the deck surface of Rainbow Bridge.

**Fleming Creek Bridge Replacement**
**Construction: Fall 2024–Late 2025**
Replace the Fleming Creek Bridge approximately 3.7 miles south of Banks.
